

Product Name :
Vinasse Storage Tank 5000l

Product Code :
LIM-CAT-L0021-00013

Description :

Vinasse Storage Tank 5000l

Technical Specification :

Vinasse Storage Tank 5000l

Vinasse Storage Tank used for the storage of vinasse after distillation is completed.

This tank meet the following general specifications:

Material: HDPE-High Density Polyethylene.

Tank capacity: 5000liters

Number of layers: ± 3

A SUS304 faucet integrated/positioned at the base for vinasse harvest

A Pipe line (any material but heat resistant) positioned at the top and connected to the distillation system for vinasse collection. Pipe color code standards to be followed.

Usage/Application: Water Storage

Layer Type: Triple Layer

Shape: Round

Color: White.
