

Product Name :
Rotating Laser Level Kit

Product Code :
LIM-CAT-L0026-00009

Description :

Rotating Laser Level Kit

Technical Specification :

Rotating laser level kit

Clear function program with simple application.

Heavy-walled, massive aluminum casing protects the laser by toughest use at construction.

Power-supply on front display of the laser for most comfortable using and environment protection by saving batteries.

The assembled laser diode has a well visible laser beam, which increases the visibility for indoor working.

The human eye can better realize the green laser beam as the red one, especially indoor.

Total range of 500m.

Battery case including 4 alkaline batteries to operate your Pulsar rotating laser with standard batteries.

The battery case has no charge socket to prevent accidental charging of alkaline batteries

Tripod included

Different rotation velocities.
