

Product Name :
Weighing Band (Pigs)

Product Code :
LIM-CAT-L0042-00039

Description :

Weighing Band (Pigs)

Technical Specification :

Weighing band (pigs)

Standard model in plastic case, flexible tape cm/mm graduation.

It is used to measure the body weight of beef cattle, dairy cows and pigs and is an important tool for farms.

The measuring scale can be retracted automatically by the button, which is very convenient and quick to use.

The other side of the tape contains two size tables, one for the belly circumference of the pig, and the other for the belly circumference and weight of the cow.

This tape measure is tear-proof and waterproof, easy to operate and easy to use.

This product is small in size, does not occupy space, and is easy to store and carry.
