

Product Name :
G-Clamp

Product Code :
LIM-CAT-L0050-00020

Description :

G-Clamp

Technical Specification :

Ergonomics T-shaped labor-saving rotating handle design reduces work difficulty.
This g-type fixed clamp is made by quenching process, so it can withstand high screwing forces.
The clamp is not easy to deform and smoothly and does not rub hands.
The woodworking g-clamp has a high accuracy screw anti-slip wire to increase the service life.
This strength c-clamp has a high hardness clip body, which is resistant to wear and rust.
Malleable Steel Body With Steel Screw.
