

Product Name :
Principals of Refrigeration

Product Code :
LIM-CAT-L0012-00005

Description :

Principals of Refrigeration

Technical Specification :

Principals of refrigeration
Principals of refrigeration
Fundamentals of a compression refrigeration circuit
Key components of a refrigeration system Compressor, evaporator, condenser, expansion element
Relationship between the pressure and boiling point of a liquid
Operation of a refrigeration system / heat pump.

Principals of Refrigeration, Principals of Refrigeration Bulk Suppliers, Principals of Refrigeration Tools, Principals of Refrigeration Principals of Refrigerations, Principals of Refrigeration Manufacturers, Principals of Refrigeration Suppliers from India, China, Kenya.
