Product Name :
Combination Spanners

Product Code :
LIM-CAT-L0051-00014

Description :

Combination Spanners

Technical Specification :

Premium Material: High strength carbon steel construction with rust preventative chrome finish ensures durability.

Long Pattern Design: Longer spanner body than other brands provides better leverage performance and makes your job easier to loosen stubborn or rusted bolts and nuts

V-Cut Open End: Specially engineered "V"-cut open end grips four sides of fasteners to deliver maximum torque and prevents fastener corners from rounding off

Carbon Steel or Chrome Vanadium Steel.

Chrome Plated With Polished Ends.

In metric sizes.

In sets.
