

Product Name :
Industrial Fruit Cooker

Product Code :
LIM-CAT-L0068-00007

Description :

Industrial Fruit Cooker

Technical Specification :

Industrial Fruit Cooker

Mixer included, with silicone scrapers against burns. Automatic heat control, very easy to clean. With 4 vibration-free feet. It requires only minimal maintenance.

Specifications:

Performance: 120 L/cycle

Electricity demand: 12 kW, 400 V, 32 A, three-phase

Material: AISI 304 stainless steel

Size: 850x800x1150mm

Weight: 200 kg

IP65 certified electronics

Heat exchanger: food industrial glycerin

Thermometers: 1 piece

With safety valve mash filling machine

Performance: 200-600 bottles/h

Rated performance: 300 L/h

Electricity demand: 0.1 kW, 24 V

Material: AISI 304 stainless steel, PP for the food industry

Dimensions: 350x1100x1250mm

Weight: 40 kg

Connections: DN 65
Electronics certified IP65
Type of filling: Volumetric
Filling accuracy: $\pm 0.5\%$
Filling temperature: 0-100°C
Filling range: 5g-35.000g.
