

Product Name :
Error Counting Utilities

Product Code :
LIM-CAT-L0017-00004

Description :

Error Counting Utilities

Technical Specification :

ERROR COUNTING UTILITIES

Technical Data:

EXCLUSIVE-OR GATE

Inputs A & B TTL level

Output continuous X-OR result or gated with HI time of the input CLK

CLOCK input TTL level, $f_{max} > 40\text{kHz}$

MONOSTABLE

GATE active level DIP switch selectable, active HI or active LO

GATE time:

Normal mode 103, 104, 105, 106

Extended mode normal mode x2, x4 or x8

Expanded mode same as normal or extended modes but divides the pulse count selected by 12
