

**Product Name :**  
Jump-Start System

**Product Code :**  
LIM-CAT-L0072-00025

**Description :**

Jump-Start System

**Technical Specification :**

Jump-start system

Features:

Integrated LED work light with 5 LEDs

Charge level indicator

Incl. pole clamps with plastic insulation

Automatic fuse in case of short circuit, reverse polarity and overcharging

Technical data:

Charging voltage: 12 V / 1 A

Output voltage: 12/24 V

Current 12 V: 1500 A (max. 1200 A)

Current strength 24 V: 900 A (max. 600 A)

Capacity: 2x 1.800 mAh

12 V car socket: max. 20 A

dimensions: 390x180x395 mm

Cable length pole clamp: 80 cm

Cable length power cable: 160 cm

Scope of delivery:

Jump starter
